An ER brand

Your ambition. Our expertise.

Connecting international ambition to opportunity.

One trusted partner. Multiple possibilities.

Every international business ambition starts with the right foundation.

At Rogers Capital- Fiduciary, we help businesses, investors and individuals navigate the complexities of international operations through integrated corporate, fiduciary and financial solutions.

From establishing a regional presence and structuring investments to managing compliance, administering assets and facilitating relocation, we bring together the expertise needed to move business forward.

Why Mauritius?

A strategic foundation for international growth.

Positioned at the crossroads of Africa and Asia, Mauritius offers international businesses and investors a compelling combination of connectivity, institutional stability and professional expertise.

Its established International Financial Centre provides a sophisticated ecosystem for investment structuring, regional operations, fund administration and specialised financial services.

The Mauritius advantage:

- A recognised international financial services ecosystem
- An established legal and regulatory framework
- A skilled, bilingual professional workforce
- A strategic location for Africa-focused business
- Corporate, investment and financial structuring solutions
- A destination for international professionals and entrepreneurs

Think beyond borders. Think Mauritius.

Establish

Your regional headquarters.
Your next chapter of growth.

Build your international presence on the right foundation.

For multinational organisations seeking to coordinate regional activities, Mauritius offers a framework for establishing a global headquarters administration presence.

The Global Headquarters Administration Licence enables eligible entities to provide qualifying administrative and management services to related companies, subject to regulatory requirements.

From business coordination and management support to operational oversight, a Mauritius-based headquarters can become an important part of an international group's organisational structure.

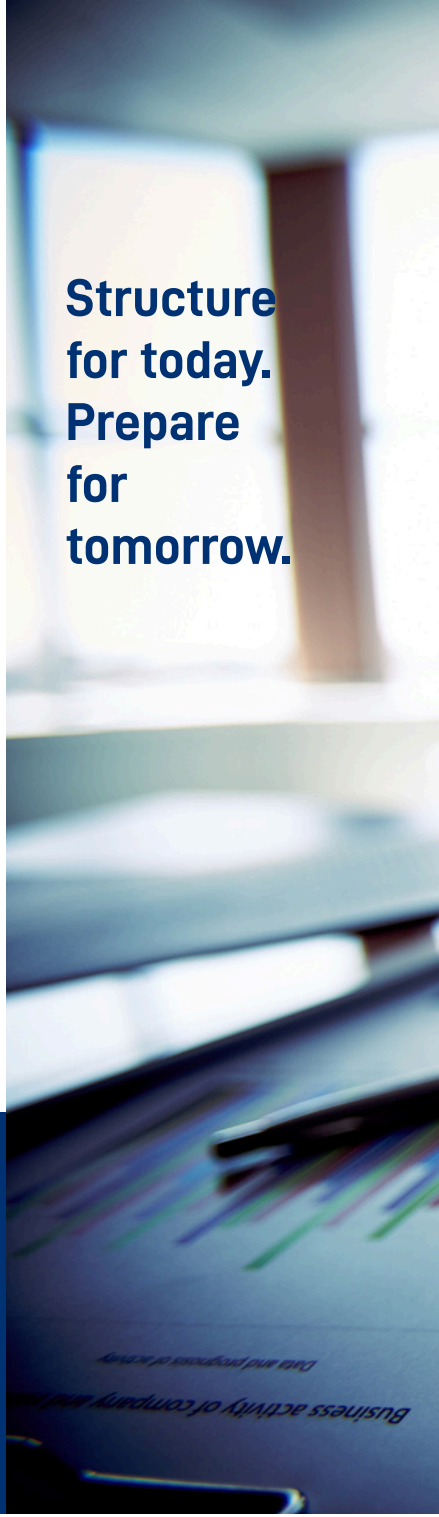

How Rogers Capital- Fiduciary supports you

- Corporate structuring
- Establishment and licence application support
- Governance and administration
- Tax coordination
- Regulatory compliance

Structure

International investments deserve thoughtful structures.

Mauritius offers a framework for eligible international businesses undertaking activities principally outside the jurisdiction.

A Global Business Licence may support appropriate cross-border investment holding and international business structures, subject to the nature of the activities, regulatory requirements and applicable tax rules.

Rogers Capital- Fiduciary assists clients throughout the corporate lifecycle, from establishing the right structure to ensuring its effective ongoing administration.

Our expertise

- Corporate formation
- Global Business Licence applications
- Corporate secretarial services
- Directorship and governance support
- Trust structures
- Accounting, tax and compliance

Invest

Capital for ideas. Structures for opportunity.

Africa's investment landscape continues to create opportunities for private equity, venture capital, infrastructure, real estate and other investment strategies.

Mauritius offers established fund frameworks, including Collective Investment Schemes, Closed-End Funds and Variable Capital Companies.

The Variable Capital Company framework provides for multiple sub-funds and special purpose vehicles within a regulated structure, subject to applicable authorisations. Rogers Capital Fiduciary supports fund managers and investors throughout the fund lifecycle.

Our expertise

- Fund formation
- Fund accounting and administration
- Investor services
- Financial reporting
- Regulatory compliance
- Tax administration

Centralise

A coordinated approach to regional finance.

For multinational groups managing financial operations across multiple markets, centralisation can support greater coordination, oversight and operational efficiency.

Mauritius offers a Global Treasury Activities licensing framework for eligible companies providing qualifying treasury functions to related corporations.

These activities can include credit arrangements, financial administration and designated treasury management functions.

Rogers Capital- Fiduciary supports clients in establishing and administering appropriate corporate and financial structures.

Our expertise

- Corporate establishment
- Licensing coordination
- Corporate governance
- Accounting and reporting
- Tax and compliance support

Protect

A more strategic approach to managing risk.

For businesses with complex risk exposures, captive insurance can offer a tailored approach to insurance and risk financing.

Through a licensed captive insurance structure in Mauritius, eligible organisations can retain and manage defined risks within an appropriate regulatory framework.

Rogers Capital- Fiduciary supports the establishment and ongoing management of captive insurance structures, bringing together relevant corporate, financial, administrative and specialised expertise.

Our experience includes supporting the establishment of the TDB Group's captive insurance company in Mauritius.

Our expertise

- Captive establishment
- Licensing and regulatory coordination
- Captive management
- Governance and administration
- Accounting and reporting

Relocate

Invest here. Work here. Live here.

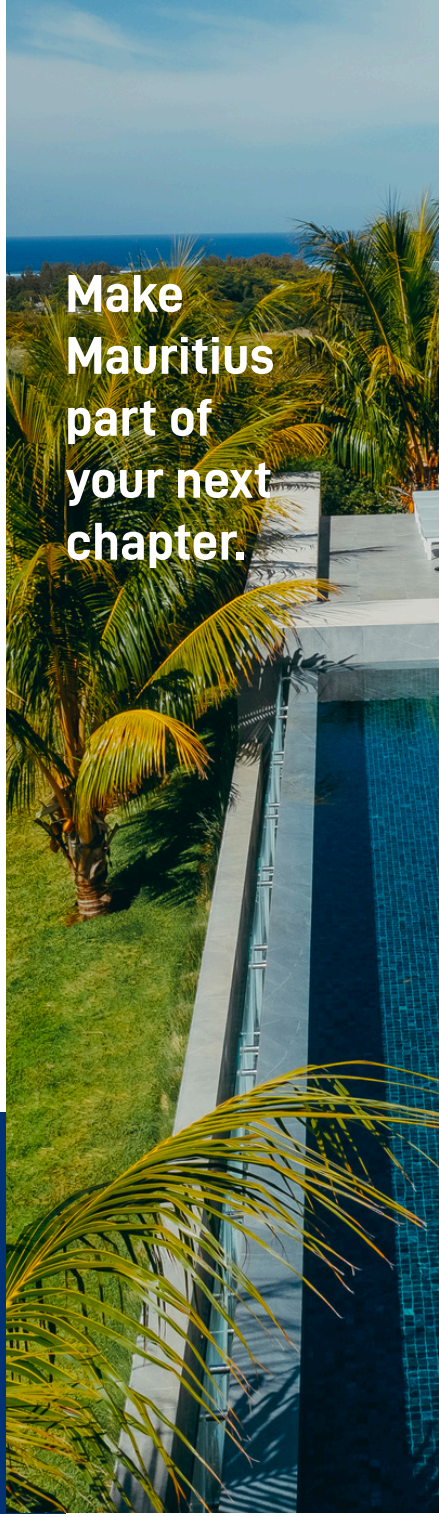

Mauritius offers more than a location for international business. It provides opportunities for entrepreneurs, investors, executives and families seeking to establish a professional and personal presence in the jurisdiction.

Depending on individual circumstances and prevailing requirements, pathways may include investor, professional and self-employed Occupation Permits, as well as other eligible residence arrangements.

Rogers Capital- Fiduciary helps make the transition more seamless by providing coordinated support for business establishment and relocation processes.

Our expertise

- Business incorporation
- Occupation Permit support
- Residence applications
- Professional relocation coordination
- Corporate and administrative services

Operate

Everything your business needs to move forward.
